SUPERIOR COURT CLERK

SUPERIOR COURT OF CALIFORNIA, COUNTY OF YUBA

In the Matter of:

STANDING ORDER OF THE COURT.

ORDER ADOPTING YUBA COUNTY'S COURT FACILITY EQUAL ACCESS POLICY

Pursuant to the unanimous vote of the Judges of Yuba County Superior Court on November 27, 2018, IT IS ORDERED that the attached Court Facility Equal Access Policy is adopted.

DATED: November 29, 2018

BEBRA L. GIVENS

PRESIDING JUDGE OF THE SUPERIOR COURT

COURT FACILITY EQUAL ACCESS POLICY

Government Code 7284.8(a)

BONNIE SLOAN
COURT EXECUTIVE OFFICER
CLERK OF THE COURT

Superior Court of California County of Yuba 215 5th St Suite 200 Marysville, California 95901 530-740-1800 Pursuant to Government Code section 7284.8(a) and subject to the Constitution of the United States and the State of California, the Superior Court of California, County of Yuba, adopts the following policies:

1. Policies for State Court Facility Access

Protecting Access to Justice

- ➤ The Court permits wide access to justice through the use of pseudonyms, where feasible and appropriate to protect an individual's safety, and permitted or required by applicable state law or by Court order.
- ➤ Court personnel are not required to disclose citizenship or immigration status information about any person, unless the requirements of Evidence Code sections 351.2, 351.3, and 351.4 are met and such disclosure is specifically required by judicial warrant or order, or by state or federal law.
- ➤ Court personnel shall not inquire about the immigration status of an individual, including a crime victim or a witness, unless such inquiry is required for the performance of the court personnel's regular duties.
- > All court staff shall be trained on these policies and receive a copy of the policies.

2. Protections for Specific Litigants

Protecting Children

- Unless otherwise determined by the Court, it is presumed that immigration enforcement does not have a direct and legitimate interest in individual dependency proceedings nor in the work of the court.
- ➤ Unless otherwise determined by the Court, in order to protect the best interests of children, arrests for immigration enforcement purposes are not to occur within juvenile courthouses or courtrooms unless there is an immediate risk to the safety and protection of the public.

Protecting Immigrant Crime Victims

- ➤ The Court, upon request, shall have all hearing officers complete U Nonimmigrant Status Certifications (Form I-918) for immigrant crime victims of criminal activity listed on Penal Code section 679.10, subdivision (c), who possess information about the qualifying criminal activity, unless the victim has refused or failed to provide information reasonably requested by law enforcement or unless otherwise ordered by the Court.
- ➤ The Court shall prohibit all hearing officers who have certified victim helpfulness on the Form I-918 from disclosing the immigration status of a victim or person requesting the Form I-918 Supplement B certification, except to comply with federal law or legal process, or if authorized by the victim or person requesting the Form I-918 Supplement B certification.

Responding to Immigration

Training Court Staff on Responding to Immigration Enforcement Activity

- > The following protocols are established for use of Yuba Superior Court personnel likely to receive in-person, written, telephonic, or electronic requests for information related to immigration enforcement.
- > All areas of the Court requiring a perimeter access card/keypad are considered nonpublic and no person other than already authorized or approved by the Court is permitted in the nonpublic areas. All other areas of the Court are public.
- Yuba Superior Court personnel shall review the different type of warrants, subpoenas, and court orders that may be presented to obtain records in immigration enforcement actions, attached hereto, to this policy. By referencing these examples, court staff will have the ability to distinguish between the following documents:
 - o The ability to differentiate between administrative warrants and judicial warrants signed by a judge or magistrate.
 - o The ability to differentiate between administrative and judicial subpoenas.
 - o The procedure for responding to any warrant, subpoena, or order issued in connection with immigration enforcement activities.
- Department of Homeland Security (DHS) administrative subpoenas and federal court subpoenas do not require immediate compliance despite the warning language that may be included on the form. Subpoenas shall be submitted for review and a decision (by the court executive officer, the presiding judge, their delegate, or court counsel) on whether to comply with or challenge the subpoena.
- > Yuba Superior Court personnel are prohibited from assisting in immigration enforcement actions, including by engaging in any of the activities listed in Government Code section 7284.6, subdivision (a), unless the exceptions set forth in section 7284.6 (as applicable to law enforcement agencies) are applicable.
- > Any arrest warrant for a defendant or litigant who has a matter on calendar shall be presented to the bailiff for the courtroom where the defendant is appearing, who will inform the court.
 - Service of any type of warrant, including an arrest warrant, is not permitted in the courtroom, as such conduct interferes with the administration of the pending cases.
 - o Bailiffs are for the protection of the court and personnel within the courtroom, and, therefore, do not assist in the arrest of any individual as that would divert the bailiffs from their assigned duties.
 - Service of any type of warrant in public areas of the courthouse in a manner that tends to interrupt the due course of a trial or other judicial proceedings may constitute contempt, pursuant to Code of Civil Procedure section 1209.

Responding to Requests for Access for Immigration Enforcement Purposes

- > As soon as possible, court personnel shall notify the court executive officer, the presiding judge, or designee, of any request by officers engaged in immigration enforcement for access to nonpublic restricted areas of a courthouse or any requests for review of nonpublic court documents.
- > In addition to notifying the court executive officer, the presiding judge or their designee, court personnel shall take the following steps in response to the service of a subpoena.
 - Advise the officer that before proceeding with his or her request court personnel must first notify and receive direction for the court executive officer, the presiding judge, or their designee. Court staff may request the officer report directly to the executive office or presiding judge.

- Court personnel should ask to see, and make a copy of or note, the officer's credentials (name and badge number). Also ask for and copy or note the phone number of the officer's supervisor.
- Court personnel should ask the officer to produce any documentation that authorizes court access.
- o If the officer orders immediate access to court facilities, court personnel should not refuse the officer's orders and immediately contact the court executive officer, the presiding judge, or their designee.
- Court staff may contact the Sheriff's Office for assistance in dealing with requests for access.
- State that Yuba Superior Court does not consent to entry of Yuba Superior Court facilities or nonpublic portions.
- Without expressing consent, court personnel shall respond as follows if presented with the following documentation:
 - An ICE administrative "warrant" (see Appendices A and B): Immediate compliance is *not* required. Court personnel shall inform the officer that he or she cannot consent to any request without first consulting with the court executive officer, the presiding judge, or their designee. Provide copy of the warrant to the court executive officer, the presiding judge, or their designee (where possible, in consultation with legal counsel) as soon as possible.
 - A federal judicial warrant (either search and seizure warrant or arrest warrant; see Appendices C and D): Prompt compliance with such a warrant is usually legally required, but where feasible, consult with the court executive officer, the presiding judge, or their designee, before providing the officer access to the person or materials specified in the warrant.
 - A subpoena for production of documents or other evidence (see Appendices E and F): Immediate compliance is *not* required. Inform the officer that court personnel cannot respond to the subpoena until after it has been reviewed by legal counsel for the court. Provide a copy of the subpoena to the court executive officer, the presiding judge, or their designee, or legal counsel as soon as possible.
 - A notice to appear (see Appendix G): This document is not directed at the Yuba Superior Court. Court personnel are under no obligation to deliver or facilitate service of this document to the person named in the document. If you get a copy of the document, give it to the court executive office, the presiding judge, or their designee, or legal counsel as soon as possible.
- o If the officer orders staff to provide immediate access to facilities, court staff should not refuse the officer's order and immediately contact the court executive officer, the presiding judge, or their designee. Court personnel shall not attempt to physically interfere with the officer, even if the officer appears to be exceeding the authorization given under a warrant or other document. If an officer enters a restricted area without consent, court personnel shall document his or her actions.

4. Responding to Immigration Enforcement Activities Collection and Dissemination of Personal Information

- > Unless necessary to perform one's official duties, or required by law, court personnel shall not:
 - o Inquire into an individual's immigration status.
 - Assist any litigant or any type of investigator in conducting their research on any court document or file as the court must be impartial.
 - o Provide to an officer engaged in immigration enforcement, personal information unless: (1) the officer has a valid judicial warrant, subpoena, or court order; or (2) the information is available to the public.
 - Personal information means any information that identifies or describes an individual, including, but not limited to, his or her name, social security number, physical description, home address, home telephone number, education, financial matters, and medical or employment history.
- > All other court personnel shall not:
 - o Collect and maintain personal information, except as required by law or as necessary to perform one's official duties.
 - Ask an individual about his or her immigration status, except as required by law or as necessary to perform one's official duties.
- > The Court will strike from the record any personal information submitted by any litigant, or counsel, that is unnecessarily contained in the pleadings, and the clerk, if such information is noted before the document is filed, may refuse to file any document containing personal information unless it is first redacted.
- > Court personnel shall not share information regarding any juvenile case file for the purposes of immigration enforcement unless specifically authorized to do so by a judicial order.

Responses to Requests for Information for Immigration Enforcement Purposes

- ➤ Court personnel shall not provide the personal information of any defendant or litigant to any person or entity for immigration enforcement purposes or any law enforcement for investigative purpose, unless (1) such information is available to the public; or (2) is subject to a valid judicial warrant, subpoena, or court order.
- Court personnel shall not provide information regarding a person's release date or respond to requests for notification by providing release dates or other information unless that information: (1) is available to the public; (2) is subject to a valid judicial warrant, subpoena, or court order; or (3) is in response to a notification request from immigration authorities in accordance with Government Code section 7282.5
- > Court personnel will not conduct any research on behalf of any individual, including, but not limited to, public and private investigators, by using the court's case management system unless ordered by the judge, as the court's files are public record and any person does have access to them and can conduct research on their own.
